\$60,000 BUYS TROLLEY ROAD

C. P. Kraft, of Philadelphia, Purchases Local Road for Institution of which he is Cashier and for Other Railway Company.

The property of the Gettysburg Transit Company together with whatever interest that corporation may have in the Keystone Electric Light, Heat and Power Company, was sold at public sale in front of the Court House on Wednesday afternoon to C. P. Kraft, a Philadelphia attorney. The purchase price was \$60,000.

Mr. Kraft bought the road for the Central Trust and Savings Company, of Philadelphia, of which he is the cashier, and for the Railway Building and Operating Company. The Central Trust Company owns the majority. If not all of the bonds of the Gettysburg Transit Company and is extensively interested in electrical companies.

Preceding the sale Judge William McClean read the terms of sale and a brief description of the property. Upon the conclusion of this, Borough Solicitor Wible notified all bidders that the car and pole license due the borough up to June 1, 1909 were as yet unpaid and would fall upon the purchaser. He also gave notice that the tracks were in such bad repair that they would have to be fixed immediately to comply with the borough ordinance.

The bidding started at \$30,000 and went up a thousand at a time to \$59,000. The next bid was \$59,500 by T. P. Turner and Mr. Kraft made the final offer of \$60,000. I. N. Lightner was the auctioneer.

Surprise Party

A very enjoyable surprise party was given Robert King in honor of his forty first birthday at his residence on the McIlhenny farm near Hunterstown.

Mr. King was certainly surprised when shortly after dark his friends and neighbors poured in until the crowd numbered nearly a hundred and a pleasant evening was engaged in by all as well as Mr. King. Music was furnished by the Hunterstown orchestra and at ten o'clock a bountiful supper was served. Those present were: Robert King and wife John Englebert and wife, Martin Harman and wife, Herbert Weikert and wife, Philip Beamer and wife E. W. Goldsborough and wife, Clayton Eicholtz and wife, James Watson and wife, Clarence Rummel and wife, Hayden Kemper and wife, Joseph Evans and wife, Bert Crone and wife, Russell Walker and wife, Frank McThomas and wife, Mrs. W. T. Miles, of Baltimore; Mrs. William Dewees, of York; Mrs. Catharine Kemper, Mrs. John Decker, Miss Susan Morrison, Misses Myrtle Beamer, Esther Evans, Marian Weikert, Ruth Watson, Helen King, Pauline Kemper, Bessie Watson, Bernice Evans, Evelyn Dewees, Ethel Weikert, Grace Evans, Bertha Watson, Lottie Evans, Catharine Crone, G. D. Morrison, John W. Englebert, Charles Evans, Earl Harman, Harry Weikert, William King, Ross Dewees, Raymond Thomas, Edward Watson, Guy Crone, Allen Harman, Lloyd Decker, Kent Brown, Luther Thomas, Robert Deatrick, Harry Little, Dale Eicholtz, Robert Crone, Clarence Weikert, Lester Rummel, Norman Walker. At midnight all went home feeling delighted over the pleasant time and wishing Mr. King many more happy birthdays.

Important Meeting

An important meeting of the Gettysburg Driving Club will be held at the Wabash Hotel on Friday evening at 8.30. A full attendance is requested as business of importance will be transacted.

GOOD PLAY PROMISED

Can theatre patrons ask for more than a good play, well staged and a good company to interpret it? They do not always get that and that is the reason many of them are shy of new plays. They have many times been promised much and received very little for their money. There is a new melodrama to be presented at Walter's Theatre tonight entitled "Cradled in the Deep," and it is said to be "not like any other." The interesting story is plainly told by people who know how. The characters are real men and women. There is no need for the blood and thunder work, for the thrilling situations that are in the play are all as natural as every day life. It has pleased many others and it will surely please you.

DRAGGED UNDER GRAIN DRILL

John J. Black, of Straban Township, has Horrible Experience when Horses Run away and he is Caught beneath Machine.

John J. Black, a Straban township farmer, had a narrow escape from serious injury on Wednesday afternoon when he was dragged a hundred yards under a grain drill over a rough road by two frightened horses.

Mr. Black had been seeding and had returned to the barn yard to unhitch the horses, both of which were young. They suddenly took fright for some unknown cause. Mr. Black was thrown and caught beneath the drill and the horses started on a dash out the road dragging Mr. Black along. The road was very rough and he was bounced along for more than a hundred yards. At this distance one of the wheels broke, dropping the machine still farther upon the unfortunate man. It served however to divert the horses from the road they ran against a fence, breaking the pole and freeing the animals which galloped on.

Members of the family soon afterwards saw Mr. Black pinned beneath the drill unable to extricate himself. They hurried to his rescue and carried him to the house. Dr. Goldsborough, of Hunterstown, was summoned and after a careful examination declared that no bones were broken. Whether or not he suffered any internal injuries has not yet been determined. He was badly bruised and suffered a very severe shock.

The horses were caught after running some distance.

Civic League

The Civic League of Cashtown, held an interesting and enthusiastic "coming out party" at the home of Miss Mary Jones, Thursday evening. Interesting talks were given by Mrs. Clara Rebert, Mrs. John Diehl and Miss Mary Jones. Mrs. Diehl spoke of the aim of the club. Miss Jones spoke as to why they should have the society, she told about features of the town that can be accomplished if the interest of all is given. After the talks refreshments consisting of ice cream, cake and coffee were served to about forty five people including the members. Several men told of the assistance they would give.

A reading was given by Alma Henry after which the club adjourned to meet at the home of Miss Faith Bream Saturday noon, September 18.

U. S. EXPOSES PRISON SCANDAL

Shocking Conditions Exist in Allegheny Penitentiary.

TO REMOVE FEDERAL CONVICTS

The Prison is Filled With Vermin of All Kinds and Overcrowded With Prisoners—Over 300 Are Suffering From Tuberculosis.

Washington, Sept. 16.—Conditions at the western penitentiary of Pennsylvania at Allegheny have been found so distressing and intolerable as to require the immediate removal of all federal prisoners whose transfer is practicable, and to demand the most serious consideration of the proper public authorities. This is disclosed in the report of C. H. McGlasson, of the department of prisons and prisoners, to the attorney general.

At the direction of the attorney general, Wade Ellis, acting head of the department of justice, made known the results of the investigation which Mr. McGlasson conducted, following the reports published by the newspapers several weeks ago, criticising the conditions at the penitentiary. The federal authorities are guarded in their statements, as it is not their desire to reflect on the state officials of Pennsylvania or any others who may be responsible for the conditions at the institution.

Conditions Are Shocking.

"The population on the first of this month was 1301," says Mr. Ellis in his statement. "Of this number more than half are at all times idle, and more than half are confined in a cell. The cells are unusually small, and the cots take up almost the entire length of each, the room for moving about being a space eight feet long and eighteen inches wide. There are more than 300 prisoners suffering from tuberculosis, and seventy-nine cells are now occupied by those showing advanced stages of this disease. The prison is filled with vermin of all kinds, although the officials are making an effort to eradicate them. An unusually large number of the prisoners are of the lowest possible character, mentally and morally, and there is but one general mess provided for all. Almost universal complaint is made about the quality of food served, especially the meats."

On one occasion the prisoners at the institution are reported to have arisen in a body and hurled their food, plates and other articles at one of the inspectors of the prison, and to have called upon him to witness the quality of the food. Because of the number involved in this outbreak, punishment seems impossible, it is said. There are twenty-one federal prisoners confined at the western penitentiary of Pennsylvania. All of these who can be immediately transferred, except those whose terms will shortly expire, will be removed at once to Atlanta or Leavenworth.

TAFT FOR MARYLAND NEGRO

Says Democratic Plan For Educational Test Is Gross Injustice.

Baltimore, Md., Sept. 16.—President Taft has addressed an open letter to the Baltimore News, in which he expresses his disapproval of the proposed amendment to the Maryland constitution, the effect of which is to disfranchise the negroes. The president says:

"Beverly, Mass., Sept. 14, 1909.—Editor Baltimore News: I have your letter concerning the franchise amendment which it is proposed by the Democratic party in Maryland to adopt. I have already, in another letter, expressed my opinion in regard to its vicious character. It is deliberately drawn to impose educational and other qualifications for the suffrage upon negroes and to exempt everybody else from such qualifications. This is gross injustice and is a violation of the spirit of the fifteenth amendment. It ought to be voted down by every one, whether Democrat or Republican, who is in favor of a square deal. Sincerely yours, WILLIAM H. TAFT."

Harrisburg Masons Lay Cornerstone.

Harrisburg, Pa., Sept. 16.—The cornerstone of the new Harrisburg Masonic temple, facing Capitol park, was laid today with impressive ceremonies. Judge George B. Orady, of the superior court, grand master of the grand lodge of Pennsylvania, presided and other grand lodge officers took part, as well as Governor Stuart.

Charged With Killing Bride.

Parkersburg, W. Va., Sept. 16.—J. E. Sayre, who was arrested in Harrisburg, W. Va., charged with the murder of his seventeen-year-old bride of two weeks by the administration of poison, was brought here and arraigned before a justice of the peace. He was remanded to jail without bond.

Colton to Take Charge Nov. 1.

Washington, Sept. 16.—Six-year-old Fred Limburger, of 1415 Terrace place, died of blood poisoning, brought on from scratching mosquito bites on his legs.

Western Crops "Bully."

Chicago, Sept. 16.—James Wilson, secretary of agriculture, arrived here after a five weeks' survey of western crops, which he declared were "bully."

ACCUSED OF SMUGGLING

\$700 Worth of Laces Sewed in Linings of Coat Sleeves and Trouser Legs.

New York, Sept. 16.—Lace handkerchiefs and embroidery valued at \$700 were found sewed inside coat sleeves and trouser legs in the three trunks of Stephen Erhard, of Chicago, by customs inspectors at the New York custom house, according to the inspectors' testimony when Erhard was arraigned before a United States commissioner in Jersey City. He is charged with smuggling.

Erhard was arrested when he arrived on the Kronprinzessin Cecilie on Sept. 7. He said that he had brought the laces as presents and that his mother in Germany packed his trunks, placing the laces inside his clothes without his knowledge. He was held in \$500 bail.

JAIL SENTENCE 30 YEARS

Heavy Punishment For Man With a Police Record.

Philadelphia, Sept. 16.—Harry Foster, alias Zip Lee, was sentenced to thirty years in the eastern penitentiary by Judge von Moschizsker when he was found guilty of attempting to break into a cigar store. This is the first sentence to be rendered under the recent act of the legislature, which imposes the above sentence on all criminals who have been twice convicted and sentenced to imprisonment in a penitentiary for terms of not less than one year. Under the act Foster, who is about thirty-six years old and has a long police record, will receive no commutation for good behavior.

TWO WOMEN FIGHT A BLOODY DUEL

Both Killed in Battle With Pistol and Knife.

Chicago, Sept. 16.—Mrs. Julia Tripp and her sister-in-law, Mrs. Jacob Silvers, of New York, are dead as the result of a pistol and knife duel between the two women in Mrs. Tripp's apartments at Fifty-sixth street and Prairie avenue, a fashionable residence district of this city. It is said that Mrs. Silvers' husband left her about three months ago because of her peculiar actions.

There were ten bullet wounds and one cut on the body of Mrs. Tripp. Mrs. Silvers had a bullet wound in the chest and several knife slashes. Only one revolver was found in the apartment, but eight empty shells and two cartridges were found, indicating that the revolver was emptied and reloaded during the struggle. The furnishings of the apartment were in disorder and bloody, and in every room there were evidences of a desperate struggle.

Several bullets had passed through Mrs. Tripp's body, making wounds both in the front and back. There were many powder marks on her waist, showing that the bullets had been fired at close range.

TWO KILLED IN DUEL

Pistol Fight in the Street Follows a Quarrel.

Neosho, Mo., Sept. 16.—In a duel following a quarrel on the main street here, Henry W. Estes, a farmer, shot and killed Benjamin Marshall, a town character, and in turn received wounds from which he died a few moments later. Both men discharged their weapons at close range simultaneously.

INSANE FROM CIGARETTES

Pottsville Man, Who Smoked Fifteen Packs Daily, Imprisoned.

Pottsville, Pa., Sept. 16.—Smoking for some time past from twelve to fifteen packs of cigarettes a day, George Butts, aged twenty-six years, went crazy here and was committed to jail, violently insane. Butts labors under the hallucination that he has been followed by scores of women and regiments of soldiers. Justice of the Peace Joseph Bendrick committed him to prison for public safety.

Eight Men Killed in Crash.

Nashville, Tenn., Sept. 16.—As the result of a head-on collision between passenger train No. 4 and fast freight No. 15 on the Nashville, Chattanooga & St. Louis railway, one mile west of Pogram station, Tenn., eight men were killed, one seriously injured and a number of others reported more or less hurt. No passengers were killed. The cars caught fire, and several of the victims were cremated. The wreck was caused by the overlooking of orders.

Colliery Resumes After Long Idleness.

Hazleton, Pa., Sept. 16.—After remaining idle for more than four months, during which it was extensively repaired, the Hazleton shaft colliery of the Lehigh Valley Coal company was opened today. This is one of the largest collieries in this district.

Scratching Mosquito Bites Kills Child.

New York, Sept. 16.—Six-year-old Fred Limburger, of 1415 Terrace place, died of blood poisoning, brought on from scratching mosquito bites on his legs.

WRIGHT FLIES WITH ZEPPELIN

Makes Successful Trip With a Prince and a Duke Also Aboard.

Mannheim, Sept. 16.—The airship Zeppelin III, which left Frankfurt to fly to Mannheim, having on board as passengers Orville Wright, Prince August William, of Prussia, and the Duke of Saxe Coburg-Gotha, landed here safely.

Prince August William congratulated Orville Wright warmly on his recent aeroplane flights at Berlin. Mr. Wright is to return to Berlin next week for further flights.

SWORE FALSELY TO GET MARRIAGE LICENSE

Young Man, Recently Wedded, Gets Four Years.

Baltimore, Sept. 16.—For swearing falsely to the age of his sweetheart in order to secure a marriage license, William Moore was sentenced to four years in the penitentiary by Judge William H. Forsythe, Jr., at Ellicott City, Md. Moore obtained a license to marry Elizabeth Baylor, of this city, representing that she was eighteen years of age, when in fact she was scarcely fifteen.

The pair were married Aug. 9 and later went to the home of the girl's mother. The latter, instead of receiving the youthful couple with a parental blessing, had the bridegroom arrested. His trial and conviction followed. It was thought that the matter might be compromised, but Mrs. Baylor, the girl's mother, was obdurate and is said to have insisted that the law be executed. She is also endeavoring to have the marriage annulled.

SPENCER F. EDDY RESIGNS

Minister to Roumania and Servia Retires From Diplomatic Service.

Bucharest, Roumania, Sept. 16.—Spencer F. Eddy, of Chicago, has sent in his resignation from the diplomatic corps to President Taft.

Mr. Eddy is at present United States minister to Roumania and Servia.

Mr. Eddy's decision to abandon the diplomatic service is due to personal reasons, chiefly continued illness of Mrs. Eddy, who is now in Paris.

Thief Worked Old Ruse.

Boston, Sept. 16.—Working the old ruse of sending the clerk to the back of the store for goods, a thief seized some \$2000 worth of jewelry from a showcase at the store of Hodgson, Kennard & Co., jewellers, and fled, but later was captured. He gave his name as George E. Ryan and his address as 416 North Thirteenth street, Philadelphia.

Names For New Battleships.

Washington, Sept. 16.—The 26,000-ton battleship to be built in Camden, N. J., will be known as the Arkansas, and that to be built in Philadelphia will be called the Wyoming. The contracts for these ships were let several days ago.

YOU TRY BLOODINE

We Know -BLOODINE-

Will Help You To Regain Your Strength and Energy.

Report of the Head Physician in a Leading New York Hospital on the Cure of Catarrh.

"A few years ago we considered that we were doing well if we cured ten per cent. of the cases of catarrh brought to us, but since the introduction of 'Bloodine' into our hospital we cure more than 90 per cent. of all the cases of Catarrh in its various forms brought to us. Catarrh of the Head, Catarrh of the Eyes, Catarrh of the Bladder and Urethra, Catarrh of the large intestines, Catarrh of the Larynx, Pelvic Catarrh, Catarrh of the Throat, and Catarrh of the Stomach are quickly cured with 'Bloodine.' It builds new tissues, gives new energy, new life, new blood and strength to any part of the body attacked by the Catarrh germs."

Bloodine is a powerful tonic, nourishing food medicine, composed of valuable tonic stimulants obtained from vegetable drugs. 'Bloodine' contains no narcotics or other dangerous drugs which merely deaden pain temporarily, but give no permanent relief or cure the cause of your disease. 'Bloodine' is a powerful body builder and blood maker; it is the best remedy known to the medical profession to enrich thin, watery blood and supply new, rich red blood to the whole body.

FREE - To prove the wonderful merits of BLOODINE we will mail a large sample bottle for 10 cents in silver or stamps for postage.

Hay Fever CURED.
Victims of This Malady Find Relief in a Brand New Form of Treatment.
NEW YORK.—A large number of hay fever cases were cured last season by the Sempine treatment and already at the commencement of the season, thousands of sufferers are seeking various methods of relief. The older methods have nearly all been abandoned and now the new Vienna Sempine treatment seems to be accomplishing wonderful results.
The Woodworth Co., 1161 Broadway, New York City have generously offered to send a free trial of Sempine a cure for Hay Fever, Asthma and Catarrh, to all who write them. This free offer will convince many skeptics who still insist that the only preventive of this malady is a change of climate.

TRUTHFUL REPORTS

Gettysburg Reads Them With Uncommon Interest.

A Gettysburg citizen tells his experience in the following statement. No better evidence than this can be had. The truthful reports of friends and neighbors is the best proof in the world. Read and be convinced.

Penrose Myers, 12 Baltimore st., Gettysburg Pa., says: "I have to be on my feet a great deal of my time and this served to weaken my kidneys. A constant pain across my back, caused me much misery and at times was so acute that I could hardly stoop. I also had trouble from rheumatism, at times being very lame and stiff, especially in the morning. I was feeling quite miserable when my attention was drawn to Doan's Kidney Pills and I procured a box at the People's drug store. They effected a complete cure and I am today without a sign of kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Nervous Collapse

"I have traveled for thirty years continually. I lost a great deal of sleep, which together with constant worry left me in such a nervous state that finally, after having two collapses of nervous prostration, I was obliged to give up traveling altogether. I doctored continually but with no relief. Dr. Miles' Nervine came to my rescue—I cannot describe the suffering which this Nervine saved me. Whenever I am particularly nervous a few doses relieve me." A. G. C. LIBBY, Wells, Me.

There are many nervous wrecks. There is nervous prostration of the stomach, of the bowels, and other organs. The brain, the kidneys, the liver, the nerve centers are all exhausted. There is but one thing to do—build up the nervous system by the use of Dr. Miles' Restorative Nervine. Its strengthening influence upon the nervous system restores normal action to the organs, and when they all work in harmony, health is assured. Get a bottle from your druggist. Take it all according to directions, and if it does not benefit he will return your money.

COOK DESCRIBES DASH TO POLE

Explorer Tells of 460-Mile Trip Over the Ice.

FACED STARVATION FOR DAYS

Return Trip Was Far More Difficult and Full of Suffering Than His Upward Dash—Had to Forage For Food While Weak and Exhausted.

London, Sept. 16.—William T. Stead, who is said to have been the only journalist to whom Dr. Frederick A. Cook, the American Arctic explorer, while in Copenhagen, Denmark, gave a detailed account of his trip to the North Pole, tells of his interview. Dr. Cook sailed from Copenhagen on the steamer Oscar II. for New York, where he will arrive on the 21st inst. Mr. Stead tells of the interview in the following words:

After describing the fortunate combination of circumstances that brought him to the edge of the Arctic circle at a time when good dogs, plenty of Eskimos and lots of food were there, Dr. Cook told me the story of his polar march as follows:

"I started away from Annatook, near Etah, on Feb. 19, which was the sunrise of 1908. I had ten Eskimos, eleven sledges, heavily laden with supplies, and 103 dogs. It was the coldest part of the winter. The thermometer registered 83 degrees below zero as we passed over the heights of Ellsmere strait.

"We were bound for Land's End, to the west, where we were to begin our ice journey. During the trip we struck several fine game trails and secured 101 musk oxen, 335 hares and seven bears. We reached the end of the land and the beginning of the ice on March 18, 1908.

460-Mile Dash to the Pole. "There we established a supply station, and I picked out the two best men and twenty-six of the best dogs for the dash across the ice. The Eskimos were Butkishook and Ahwels, bravest and strongest of the tribe. "We were then at latitude 82.33, or 460 miles from the pole. We started our advance three days later, on March 21. During the first days we made long marches. The cold persisted and there were strong winds.

"I lived as the Eskimos did and managed to get some comfort by sleeping in snow houses which we dug out, eating tallow and drinking tea. The sky during these days was overcast by smoky mist, so that no observation could be taken, but on March 30 an observation gave our position as latitude 84.47. We had covered, therefore, more than 130 miles in nine days.

"Beyond this point we encountered merely a desert of ice. There was no life. Tracks of animals and blowholes of seals were absent. Nor was there a trace of vegetation.

"April 7 was worthy of especial note, because the sun at midnight appeared over the edge of the northern ice. The next day I made an observation which placed our position at latitude 86.36. Our speed had increased slightly. We had traversed more than 250 miles in seventeen days.

"We were then a trifle more than 200 miles from the pole. We were sunburned and frostbitten on the same day, but the light enabled us to advance more easily.

"Beyond the 86th parallel the crevices became fewer and narrower, and between the 87th and 88th parallels I was surprised to find indications of land ice. For two days we travelled over ice that looked like a glacial surface. But there was no perceptible elevation, and, therefore, it was impossible to tell whether we were on land or sea.

"On April 14 we reached latitude 88.21, and were within a little bit less than 100 miles of the pole. We no longer had energy to make any snow houses and slept in a silk tent which we carried.

"In the days that followed we saw mirages, inverted mountains and queer objects that seemed to dance about. The horizon itself seemed to dance. But I made careful astronomical observations and always knew our position.

"On April 21 my observation—corrected—showed that we had reached latitude 89 degrees, 59 minutes and 46 seconds, and were therefore within a stone's throw, almost, of the 90th parallel. We advanced the 14 seconds—approximately a quarter of a mile—and there I made the double round of observations which confirmed our position.

"This was at noon of April 21, 1908. My observations showed that the latitude was precisely 90 degrees. The temperature was 38 degrees below zero. The barometer stood at 29.83 inches. There was no land in sight—nothing but a depressing waste of ice and snow, which appeared purple in the light.

"Raised Flag to the Breeze. "The Eskimos told me that at last they had reached the 'Big Nail,' and were the first of their race ever to have set foot there, celebrated with savage joy. I raised the flag of the United States of America to the breeze.

"I studied the local conditions as much as possible and took observations from various points within walking distance. I was unable to take any soundings of the sea through crevices I found, because I had lost my sounding line.

"Until early in the day of April 23, 1908, we remained at the pole. Then, realizing that the flag would be torn to pieces within a few days, I took it down as we were about to depart and placed it in a brass tube, together with a signed report of my march from Etah. This I buried in the ice exactly at the North Pole."

Dr. Cook then told of his return journey, which was far more difficult and full of suffering than his upward dash.

"We counted on a continued eastward drift of the great ice desert," he said, "so we forced our way gradually westward to overcome this. At first we made long distances daily, but below the 87th parallel the ice became more difficult and we could tell that the season was advancing."

"Daily we were obliged to reduce the food supply. The sky turned from blue to dismal gray, and violent gales occurred. It was not until May 24, when there was a clearing, that I was able to take an observation. I found we were near the 84th parallel. In a month we had covered about 360 miles, but we were far to the west of our upward course.

"Starvation threatened. I found that we had on our sledges only enough food to last us to our caches on Nansen sound, near Land's End, provided we made fifteen miles a day. We could not make that. Therefore we struck a straight course for the musk oxen lands of the inner crossing.

"At the 83d parallel we found ourselves to the west of a large tract of land extending southward. But there was no sign of game."

Dr. Cook believes this land was hitherto undiscovered.

"Again the food allowance for men and dog was reduced," he continued. "Many of the dogs had died and found their way into their companions' stomachs. I was scarcely able, because of exhaustion, to record each day's incidents upon paper."

Bears Appeared to Save Lives.

"At the end of twenty days' more struggle through a dense fog the sky cleared and I found we were in Crown Prince sea; this is far below and to the west of where the expedition had started from. There a few bears appeared as saviors of our lives.

"At last, late in September, we found game at Cape Sparbo. We made bows and arrows and fashioned lances by fixing knives to the end of poles. We prepared an underground den, and there we lived until the sunrise (February) of 1909. Then we started for Annatook, and reached there on April 15, 1909. Harry Whitney, the American sportsman, and friends and relatives who had been worried over my Eskimos, met us there. I soon took ship for Upernivik, and arrived at that place on May 21 of this year. Then I journeyed to Lerwick, in the Shetland Islands, and from there sailed to Copenhagen."

GOVERNOR JOHNSON IN SERIOUS CONDITION

Undergoes Operation For Intestinal Abscess.

Rochester, Minn., Sept. 16.—Governor John A. Johnson was operated on in St. Mary's hospital here by Dr. William J. Mayo, assisted by Dr. Charles Mayo, for a deep-seated intestinal abscess.

It was a serious operation and Governor Johnson's condition is regarded as grave, though the surgeons hope for the patient's recovery. The following bulletin was issued:

"Governor Johnson's condition is very bad. Pulse irregular and fast. Temperature subnormal."

Governor Johnson was upon the operating table for two hours and fifty-three minutes. As soon as he had recovered from the effects of the anæsthetic his first words were for Mrs. Johnson, who came at once to his bedside. After the operation this bulletin was issued:

"The doctors found a small, deep-seated abscess connected with the intestines. It was a difficult, serious and prolonged operation. Governor Johnson stood it well and rallied. The chances are for his recovery, although he will not be out of danger for five days. He is suffering great pain."

Hero's Mother Dying.

Hillsdale, Mich., Sept. 16.—Mrs. Anne E. Gridley, mother of Captain Charles G. Gridley, of Manila bay fame, is thought to be dying at her home. She was employed in the general land office at Washington until she was compelled to take to her bed. She is eighty-four years old.

Roosevelts Leave Paris.

Paris, Sept. 16.—Mrs. Theodore Roosevelt, accompanied by her daughter Ethel, left here for Switzerland. After a brief tour of the mountains they will go to Venice and thence to Porto Maurizio, where they will spend some time with Miss Carow, Mrs. Roosevelt's sister.

Milan, Sept. 16.—Cardinal Satolli, who was at one time apostolic delegate at Washington, is seriously ill.

TAFT SUSTAINS BALLINGER

Sides With Secretary of Interior in Land Dispute.

WILL DISMISS L. R. GLAVIS

The President Declares the Charges Against the Secretary Are Only "Shreds of Suspicion Without Substantial Evidence"—Pinchot May Resign.

Albany, N. Y., Sept. 16.—A statement in which President Taft announces his findings upon the charges against the conduct of the interior department of the government by L. R. Glavis, chief of the field division of the general land office, in connection with the Cunningham coal land claims in Alaska, exonerating Secretary Ballinger, of the interior department, and observing that Mr. Glavis' case embraced only "shreds of suspicion without substantial evidence," was made public here.

The president grants Secretary Ballinger's request for authority to dismiss Mr. Glavis from the service of the government, "for unjustly impeaching the official integrity of his superior officer," and takes occasion to review evidence in the so-called "water power trust" and other cases, to renege the charges that the secretary of the interior is out of sympathy with the policy of the administration in favor of the conservation of natural resources.

The statement, which is in the form of a letter to Secretary Ballinger, was written before President Taft left his summer home at Beverly, Mass.

The letter contains no direct reference to Clifford Pinchot, head of the bureau of forests, but, reading between the lines, the meaning is so plain that Mr. Pinchot may feel that he can no longer continue in the service. Mr. Taft, so his friends say, would regret very much to lose Mr. Pinchot, but he feels that the time had come for him to take a decided stand in the controversy.

Mr. Taft himself denies that there has been any backsliding from the declared policy of the Roosevelt administration in favor of a conservation of national resources. Without bringing in any direct contrast, he makes it plain that he thinks several things done by the Roosevelt administration along the lines of the conservation were without the authority of law.

That has been Ballinger's answer all along to the contentions of Pinchot and his friends that he is out of sympathy with the Roosevelt policy and in favor of corporate and individual control.

MISS STEWART WEDS PRINCE

New York Heiress Married to Prince Braganza.

Dingwall, Scotland, Sept. 16.—Miss Anita Stewart, daughter of Mrs. James Henry Smith, of New York, became the bride of Prince Miguel of Braganza, of Austria, in the little Roman Catholic chapel of St. Lawrence, being the latest American heiress to link fortunes with one of the oldest Continental families.

Bishop Chisholm, of Aberdeen, officiated. His assistants were Father Fraser, of Dingwall, and Father MacDonald, of Glenfinnan.

The ceremony, which lasted about twenty minutes, was followed by the celebration of a low mass, after which the bishop pronounced the pope's blessing and a general benediction.

Choristers of the chapel, accompanied by the band of the Seaforth Highlanders, rendered the music.

Auto Breaks Into House.

Indianapolis, Ind., Sept. 16.—Charles S. Miller and wife were returning here from Chicago in their automobile, and while descending Cemetery hill, near Logansport, the brakes failed to work. The car crashed through a picket fence at the bottom of the hill, tore a hole in the house of Charles McCune large enough for the machine to enter, and hurled a door against a cradle in which an infant was sleeping. Mrs. McCune was injured by flying glass, but neither Miller nor his wife was hurt.

Tried to Save Comrade; Both Dead.

Pittsburg, Sept. 16.—Two miners were drowned after they had been suffocated with gas, one losing his life in an attempt to save his companion. In the Sygan mine of the Pittsburg Coal company, a third miner was overcome while going to the bottom of the shaft to bring the two bodies to the surface.

President Diaz Is 79.

Mexico City, Sept. 16.—General Porfirio Diaz, president of Mexico, celebrated his seventy-ninth birthday. He was the recipient of greetings from many foreign nations, and hundreds flocked to the national palace to personally present their congratulations.

Chinese Students Coming.

Peking, Sept. 16.—Forty-seven students have been accepted to go to the United States and study under the arrangement by which that part of the Boxer indemnity that was returned to China by America is to be expended for educational purposes.

Great Sensation At

Ft. Wayne

WONDERFUL DISCOVERY HAS BECOME TALK OF WHOLE COUNTRY

This copy from the Fort Wayne Journal-Gazette shows what Root Juice is doing to the city in which it is made: "Sensation upon sensation follows in rapid succession in Fort Wayne these days. This is the home of Root Juice and it has done so many wonderful things here that it has become the talk of the whole country. The reporter in one evening counted fifty-six people who said they were cured of some chronic ailment by the use of the discovery, and many of them were people whose word could not be doubted. Some of the cures seemed like a miracle. Mrs. E. G. Moore of 612 Webster street has suffered for several years with intense stomach and kidney troubles. During her illness she was treated by a number of doctors and used many kinds of medicine, but it all failed to give more than momentary relief. Although Mrs. Moore had almost given up hope she was persuaded by her friends to try the Root Juice treatment. After using three bottles of the juice she gained sixteen pounds and is able to do her housework and care for her children. The lady is well liked in her neighborhood and the wonderful cure has caused a great deal of talk. Mr. H. R. Beck, of 447 Superior street, told the reporter that he would not take a thousand dollars for what Root Juice did for him, as it had completely cured him of a kidney and rheumatic trouble of long standing. Mr. A. R. Hoylese of 502 LaSalle street, an old and highly respected citizen, said: "I was completely cured of a chronic trouble of the stomach and kidneys with four bottles of Root Juice and two bottles of the liniment that is used with it. I took the juice three times a day and rubbed my back and swollen limbs every night and morning with the liniment. Mr. Chris Hostman, of 1314 West Jefferson street, after using the remarkable remedy a short while was cured of a bad case of indigestion and rheumatism. It would take a whole newspaper to tell of the many cures the wonderful medicine has made in Fort Wayne." The people of Gettysburg will soon have a chance to see for themselves, as the demonstrations will be conducted in The Peoples drug store next Saturday.

Stomach Trouble

Had it For Years Until He Heard of Mi-o-na. People's Drug Store Sells It.

If you suffer from indigestion, belching of gas, lump of lead on stomach, biliousness, dizziness, foul breath, nervousness, constipation, or headache, give People's Drug Store 50 cents to-day for a box of Mi-o-na, the celebrated stomach prescription, and if it doesn't cure you they will give you your money back. It relieves painful stomach distress in five minutes. Read the following:

"I had stomach trouble for years. After eating I would be troubled for an hour or so with indigestion. I bought one box of Mi-o-na tablets from Gaffney Drug Co., which completely cured me. That was 12 months ago and to this day I have not been troubled again." J. B. Haskey, Gaffney, S. C., April 20, 1909.

Mi-o-na is the best prescription for stomach trouble ever written; not only does it give quick relief, but it cures permanently because it thoroughly cleanses, renovates, builds up and puts elasticity into the stomach and bowels. Mi-o-na is put up in tablet form and is small and easy to swallow. Sold by leading druggists everywhere and in Gettysburg by People's Drug Store who rigidly guarantees them. Test sample free. Address Booth's Mi-o-na, Buffalo, N. Y.

Clears Complexion Quickly

New Discovery That is Recommended by Beauty Specialists in Paris and New York.

A crusade has lately been started against the use of cosmetics, enamels and the other external applications so largely used by women who want to be beautiful, as there is nothing of this nature that does not in the end spoil the texture of the skin and actually ruin the complexion.

Beauty specialists in Paris started the idea of putting their patrons on a special vegetable diet, and while this gave the desired "baby skin", yet it took too long, and in their search for something that gave the same effect in a short time, they found Margo, using it in tablet form, so the proper quantity could be exactly determined and the treatment readily used. It has become very popular in Paris, London, and New York, and as its merit becomes better known, is spreading to the smaller cities and towns. L. M. Buehler has secured a small supply, and every woman who wants a fair, rosy complexion, free from pimples, paleness, and shallow spots, should try 50c. worth of Margo.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Remedy For Plant Lice.

One of the best methods of destroying plant lice on roses and shrubs is by the use of tobacco stem solution. Pour a gallon of boiling water on a pound of tobacco stems and about twelve or fifteen hours later add four more gallons of water. Apply with a sprayer or sprinkling pot.

Make Your Own Paint

and you will know what you are using on your property. The way is easy—Buy one gallon of

DAVIS' 2-4-1

and one gallon of Pure Linseed Oil, put them together, stir them up well, and you will have two gallons of Pure Linseed Oil Paint; there is no doubt about your oil being Pure since YOU have bought and added it YOURSELF. This is safer, than to take someone else's word that the Linseed Oil in your paint is pure.
